

Public Notice on an Application for Participation in Tier I of Green Tier

Pursuant to Section 299.83, Wis. Stats., the Department of Natural Resources (DNR) hereby gives notice that DNR has received an application for participation in Tier I of Green Tier from Roundy's Distribution Facility, at the Pabst Farms Development, Oconomowoc, WI 53066. The Roundy's Distribution Facility supplies groceries to more than 100 Roundy's owned stores in the south-eastern and south central Wisconsin area. The distribution center was constructed so as to minimize impact on surface water (no salt is used on roads or parking areas controlled by the distribution center), air (catalytic oxidizers are used on each of the fleet vehicles) and energy consumption (lighting timers automatically turn off lights, thereby saving energy). The Roundy's Distribution Facility is in the process of implementing an Environmental Management System, and will use that system to guide future activities that constitute Superior Environmental Performance.
